

I don't have the internet, but my daughter is letting me send this. I hope Wisconsin stands its grounds and doesn't change the blockage of unwanted phone telemarketers! We have rights and should not have to listen to them when we don't want the phone calls. I didn't get a phone to be harrassed by telemarketers! Please count me as against changing Wisconsin policy. Thanks,

Helen Murn, 401 E. Division, Dodgeville, WI.
